ABOUT THE NGO

Seema Yadav
Director

info@reliefmissionfoundation.org

Relief Mission Foundation is a registered charitable foundation dedicated to transforming the lives of children and those in need. Based in Jaipur, our mission is to build lasting relationships between individuals and communities to generate the funds necessary to ensure the well-being of children and vulnerable populations. We work closely with children, attending to their daily needs, and strive to provide them with a brighter future. Our foundation is committed to creating opportunities for these children to live healthier, happier lives, giving them a renewed sense of purpose and hope. Your support can make a profound difference. Together, we can change the way these children live and offer them a new meaning to their lives. At Relief Mission Foundation, we believe in the power of collective action to uplift communities and empower the most vulnerable among us.

INTERNSHIP OVERVIEW

DEPARTMENT

Human Resources Department (HRD)

DURATION

20 JULY-20 SEPT.

SUPERVISOR

Vijeta singh (HR Specialist)

OBJECTIVES

- Streamline candidate screening, improve onboarding workflows, and optimize social media outreach for NGO volunteer drives.
 - Coordinate end-to-end volunteer/intern recruitment campaigns.
 - Enhance organizational engagement through structured digital communications.
 -
- 

Our Human Resources department operates under a centralized leadership structure supported by specialized virtual HR sub-teams. We specialize in end-to-end talent acquisition and candidate experience management. By combining structured recruitment pipelines with targeted digital outreach, our team ensures continuous organizational growth aligned with the foundation's community welfare mission.

Our operational capabilities encompass full-spectrum candidate screening, virtual interviewing, and intern onboarding workflows. From drafting tailored job descriptions and creating promotional graphics to managing candidate databases and supervising new hires across platforms like LinkedIn and WhatsApp, the department focuses on delivering seamless HR execution through structured collaboration.

DEPARTMENT PROFILE

ROLES AND RESPONSIBILITIES

HR & Recruitment Coordinator specializing in end-to-end candidate screening, talent acquisition, structured onboarding, and employee engagement initiatives

- Managing employee documents
- Updating HR databases
- Assisting recruitment activities
- Scheduling interviews
- Preparing onboarding materials
- Monitoring employee attendance
- Supporting HR administrative processes
- Assisting with internal company events

Medical Emergency

MAIN PROJECT

During my Human Resource Internship at Relief Mission Foundation, my main project focused on optimizing candidate screening, scheduling, and onboarding workflows. I was responsible for drafting targeted job descriptions, creating promotional graphic materials using Canva, and actively publishing vacancies across platforms like LinkedIn and WhatsApp. Additionally, I maintained centralized applicant data, managed recruitment pipelines in Excel master sheets, and conducted preliminary screenings to identify top talent for key roles.

To streamline recruitment operations, I implemented standardized HR assessment protocols, conducted virtual interviews, and coordinated onboarding procedures for newly selected interns. Utilizing tools such as Canva, Excel, and Google Workspace, this initiative successfully improved candidate response rates and established an efficient, structured system for recruiting and integrating new team members into the organization.

Fundraising Activities

RAKHI CAMPAIGN

BLANKET DONATIONS

BIRTHDAY CELEBRATIONS

FOOD DONATIONS

CHALLENGES & LESSONS LEARNED

High-volume candidate screening, candidate coordination, and outreach for non-profit initiatives require structured systems to maintain efficiency while fostering strong, empathetic engagement.

CHALLENGES

1. Managing Candidate Volume: Processing and screening high volumes of unvetted applicant profiles while maintaining quality standards.
2. Remote Coordination: Navigating virtual communication gaps, attendance tracking, and interview scheduling conflicts across distributed teams.
3. Resource Constraints: Optimizing limited non-profit resources and digital tools to maximize volunteer and intern outreach efficiently.

LESSONS LEARNED

1. Systematic HR Processes: Developed a clear understanding of structured end-to-end recruitment workflows, applicant tracking, and onboarding pipelines.
2. Digital Tool Integration: Leveraged Canva, Excel, and Google Workspace to streamline communications, manage data, and design effective recruitment materials.
3. Adaptive Communication: Enhanced professional coordination and empathetic communication skills necessary for managing teams in a non-profit environment.

•

CONCLUSION

My HR internship at Relief Mission Foundation provided valuable hands-on experience in managing the end-to-end talent acquisition and recruitment pipeline. By creating targeted recruitment campaigns, streamlining applicant screening workflows, and onboarding incoming interns, I contributed to building an efficient operational workflow that supports the organization's community welfare initiatives.

This role strengthened my expertise in cross-functional coordination, talent acquisition strategies, and creative outreach. Combining administrative structure with design and communication tools enabled me to drive participant engagement, optimize HR operations, and prepare for future technical and leadership roles.

THANK YOU

IILM
